

COLUMBUS STRIKE STILL UNCHANGED

No Probability of Settlement and Peace Negotiations Declared Off for the Present

Company Still Stands for the Open Road and Will Have Nothing Else--Franklin Sheriff Having Trouble in Securing Peace Officers to Serve for Glory.

Columbus, Aug. 6.—The strike controversy situation was Saturday morning unchanged from what it was when the strike began. A proposition to leave the settlement of the car strike question to a committee of seven, submitted by a citizens' committee, was turned down by the Columbus Railway and Light Company last night and today the union men are firm in their determination not to consider a substitute proposition which the company offered, embodying the terms of the old agreement found to be have been violated by the state board of arbitration, except for a few additional provisions.

The citizens' peace committee appointed by President Pretzman of the Chamber of Commerce, after a conference lasting over two days, went to the company last evening with the proposition for an arbitration board of seven, three to be selected by the company and three by the company's employees, they to select the seventh, and this commission to settle upon a compromise agreement.

The substitution of the company, in which it is agreed in substance to take up the old agreement of May 4 has the additional provision that any employee discharged shall have the right of appeal within five days to the president of the company and two members of the company's board of directors, their decision to be final. It also provided for an open road and that union men should not discriminate nor ostracize non-union men. The company agreed to take back all of the men now on strike and those found by the state board of arbitration to have been unjustly discharged. The open road proposal is the rock upon which the ship of peace is blocked.

The Columbus Federation of Labor has arranged for a series of union meetings at 3 p. m. tomorrow in four local parks. The chairmen and the speakers are as follows:

Franklin Park—J. M. Suddick, president of Columbus Federation of Labor, chairman; F. S. Minnett, G. W. Savage, secretary Ohio miners; H. S. Valentine, speakers.

Guerr's Park, West Broad street—W. F. Hauck, secretary of Columbus Federation of Labor, chairman; Fred Fay, organizer of car men; John O'Neill, George W. Bope, speakers.

Goodale Park—Dr. J. F. Jones, chairman; Geo. W. Bope, Fred Fay, speakers.

Schiller Park—George Dimel, financial secretary of Columbus Federation of Labor, chairman; J. H. Hen-

derson, Judge E. B. Earnhart, Chas. Weichard (German), speakers.

At 7 o'clock this morning 609 of the soldiers on strike duty here were withdrawn, as a result of an order issued yesterday by Brigadier General Speaks, following a conference of Governor Harmon, Mayor Marshall, Adjutant General Weibrecht and General Speaks. The commands to be withdrawn are the Fourth regiment and local company of the Ninth (colored) Battalion.

The Third and Eighth regiments, Battery C, Troop B and the Columbus signal, ambulance and hospital companies, with 1489 officers and men, will remain in camp here. General Speaks will be in command of the troops. Developments of the next few nights will determine the period when all soldiers will depart. The general expectation yesterday was that all the troops would be out of the city by Monday, but the two attempts on the West Side to blow up cars may put a different aspect on the case.

Sheriff Sartain is preparing a list of 500 citizens whom he contemplates announcing as peace officers to help preserve order in the city after the troops have left, in case the police department finds itself unable to cope with the situation. None of these men will be sworn in as deputy sheriffs and none will receive pay.

The sheriff said yesterday that he had not completed the list, but is working on it. He is choosing men from every part of the city and will expect them to be "minute men," to help suppress any troubles that may pass the power of the police.

Few offered themselves as deputies in response to the advertising by city and county officials. There were less than 20 all told. They turned away sorrowfully when told that the positions were purely honorary and have no wages attached.

Sheriff Sartain is not authorized to employ extra deputies nor can he keep a force of men waiting for service in an emergency. He would be obliged to carry special deputies on his official bond. These facts have caused the sheriff to abandon the deputy sheriff plan.

Military authorities today, following the attempt made last night on the West Side to wreck two cars with explosives placed on the track, are convinced that it would be unwise to release any more troops at the present time.

"We had thought of sending more soldiers home," said Adjutant General Weibrecht today, "but owing to

last night's disturbances, we will keep the soldiers here until Mayor Marshall is sure that he can preserve order through the police department."

The total expenses to the state by keeping troops in Columbus will reach \$87,000 by next Monday, Sunday is the beginning of the third week of the strike. Troops have been here ten days, including Saturday.

HIGHWAYMEN

Believed To Have Killed Cleveland Attorney, Found Dying in Front of Home.

Cleveland, Aug. 6.—No clew to the murderer of William Rice, of the law firm of Rice & Glin, who was found dying in front of his home last night, has been found. The police adhere to the theory that Rice was shot by a highwayman. Two bullet wounds over the right eye, either of which would have proved fatal, and a deep gash in the left hand lead to the belief that Rice was killed while resisting one or more assailants.

KING'S SON

Earns \$10 Per Month as Bundle Boy in a French Sugar Refinery.

Paris, Aug. 6.—To be the son of a king and yet earn only \$10 a month as a bundle boy in a sugar refinery, is the fate of Prince Koulyere Oubere, son of the late king of Dahomey, who is having a hard time in the gay French capital. His highness is, of course, a negro—a decided bracte, as they speak of them in Paris. He is 24 years old and ex-corporal in the French army, having had seven years of service and 2 campaigns. He came to Paris to get his pension, but though Dahomey is a French dependency, Koulyere Oubere's kingly father forgot to comply with the law to get a birth certificate for him. So officially the prince does not exist. He got pretty hungry waiting for his money.

Koulyere was wearing his old uniform when an Apache made an insulting remark about him. He colored the Apache and carried him kicking to the nearest policeman. It was then that his pitiful condition became known. The \$10 a month job was quickly forthcoming.

SEARCHING SEA FOR TREASURE

Paris, Aug. 6.—A French "Captain Kidd's treasure" is being searched for today at Cherbourg, where divers employed by an incorporated company, are searching the floor of the sea for treasures of immense value, supposed to have been lost in the naval battle between Admiral Trouville and a Dutch fleet in 1692. The search results from the washing ashore of two bars of silver last March. Markings on the bars showed that they were on the Dutch ships that engaged in this battle.

SOCIETY TAKES PEEK AT FIGHT PICTURES

Narragansett Pier, R. I., Aug. 3.—Society here today is discussing the merits of the Johnson upper cut. "Was Jeffries doped or the victim of malicious animal magnetism?" and similar subjects, for the members of the cottage colony last night saw moving pictures of the Reno battle at the villa occupied by R. E. Strawbridge of Philadelphia. Practically all of the women of the colony were on hand. The affair was conducted with the utmost secrecy but the details leaked out later.

KILLED WHEN ENGINE STRUCK LANDSLIDE

Middletown, N. Y., August 6.—Three trainmen were instantly killed when refrigerator train No. 2527 on the Erie railroad, running 50 miles an hour, struck a landslide near Howell's early today. The dead are engineer J. J. Bradley, fireman H. E. Taylor of Port Jervis, N. Y., and brakeman George Carpenter of Jersey City.

SEVEN PEOPLE BURN TO DEATH

Jamaica, Long Island, Aug. 6.—Five men and two women were burned to death, two fatally injured and a score were seriously injured in a fire which today destroyed a wooden hotel and employees' quarters here. Most of the dead were Russians and Polish immigrants who arrived yesterday.

NEWSPAPER MEN ELECT OFFICERS

Sandusky, O., Aug. 6.—At the closing session of the Select List of Ohio Daily Newspapers at Cedar Point yesterday afternoon, the following officers and directors were elected: President, Malcolm Jennings; Marion Starr, vice president; Louis H. Brush, East Liverpool; Roy view; secretary, C. H. Spencer, Newark Advocate; treasurer, R. C. Snyder, Coshocton; Ago; W. O. Little, Zanesville Times-Recorder; W. S. Capeller, Mansfield News; John T. Mack, Sandusky Register.

PRESIDENT OF CHILEAN REPUBLIC GUEST OF UNCLE SAM AND TAFTS

Beverly, Mass., Aug. 6.—When President Balmaceda of Chile and his wife arrived in Beverly today they will be received by President and Mrs. Taft at their summer home here, and it is likely that an informal dinner will be served and other entertainment provided. The South American executive arrived in New York Wednesday and was met at the steamer by Major General of the troops that are being dispatched to the scene.

ROYALTY HAD BAD FRIGHT

Southampton, Aug. 6.—King Alfonso and Queen Victoria had a bad scare just before landing at Cowes, when a strong wind and heavy tide drove the two tapers on which they and their suite were being conveyed last evening from the steamer into violent collision. The windows and chandeliers of the tapers were broken and the vessels damaged. There was great alarm momentarily but the tapers were righted and proceeded without further mishap.

GREAT MASSACRE OCCURRED IN SYRIA

Constantinople, Aug. 6.—Fully 10,000 Christians and Musselmans have been slain this week in the massacres in Syria, according to dispatches today from Damascus. The situation is somewhat relieved today the dispatches say, owing to the arrival of the van

HEADS A POSSE SEEKING FATHER

Agona, W. Va., Aug. 6.—The 16-year-old son of William Foster today is heading a posse in a man hunt for his father, charged with attacking his 15-year-old daughter, as the quarry. Foster, who is a miner, escaped after his daughter made accusations against him.

HEADON COLLISION NEAR SIDNEY, O.

Sidney, O., Aug. 6.—Two freight trains, north bound No. 29 and south bound No. 27, met head-on three miles north of here early today and Fireman T. W. of Cincinnati was probably fatally injured. Flagman E. Garvey of Lima, was seriously hurt and an unknown negro who was riding in a stock car with horses belonging to Cliff Todd, the racing man, was killed. Two horses were killed.

SENSATIONAL STORY PROVES A BOOMERANG WHEN FACTS ARE KNOWN

The body of Irvin Wood, the victim of the suburban accident last Tuesday night will be buried in Cedar Hill cemetery, probably this afternoon. This decision was reached this morning when a letter was received by Cels Bros. & Jones from Wood's brother, Charles Wood, of Washington, D. C. The brother stated that he had been ill for some time and had not been able to work at his trade and that he was unable to stand the expense of shipping the body to Washington. He asked for the details of his death.

A wild story was printed in another Newark paper last night, that Wood was the victim of a foul murder and that he was robbed of a big roll of money.

Last Tuesday morning Wood was in the Newark Trust Company's store, where he attempted to borrow \$25 cents. He said he had that much money and would 75 cents more to get to Columbus. The man was in a dazed condition and had been refused to loan it was thought.

LEGISLATIVE REUNION AT CEDAR POINT BIG FIZZLE

Sandusky, O., Aug. 6.—The legislative reunion has been a sad affair. Some newspaper editors, the attaches of the reported here to attend a reunion of 12 members of the Ohio legislature, of whom brought their wives. The lawmakers thought they would look back as they did in the old days when they had passed

PRECAUTIONS TAKEN BY THE GOVERNOR

San Sebastian, Aug. 6.—The government of San Sebastian today issued a proclamation against any but the regular Catholic gatherings on Sunday and prohibiting outsiders bearing arms from entering the town. The last precaution was taken as a result of the report that the village priests in the Biscayan provinces were giving arms and ammunition to their parishioners and urging them to march to San Sebastian. The authorities throughout all the northern provinces today began seizing trains and boats to prevent a general movement against San Sebastian on Sunday. The prospect now is that only a few thousand people will attempt to carry out the plan for a demonstration against the government's course in the vatican dispute.

THEO. M'CALL IS APPOINTED AS ENGINEER

The high plant engine has been cleared up at last and the new engineer, Theodore McCall, was in charge of the engine at the plant Friday night for the first time.

Friday, the Civil Service Commission certified to Service Director M. M. Taylor the names of Theodore McCall, Edward Switzer and Raymond Bell as being eligible to appointment to the position of engineer at the high plant. These men are part of the class that took the examination a week ago today.

During the afternoon Director Taylor appointed McCall engineer and the appointment was accepted. He succeeded Carl Simpson, who was temporarily in charge during the centenary week when James Stankard and H. W. Deems were let out.

Simpson is the day engineer of the municipal water works and he will now resume his old duties.

Director Taylor also appointed Edward Switzer as fireman at the high plant and Raymond Bell as assistant engineer. These appointments were made at the same time.

WHAT IS IT?

DENIALS ARE MADE BY HAMON

On Witness Stand Four Hours Before Congressional Committee

WIFE'S FAITH UNSHAKEN

Mrs. Gore Believes Blind Husband Will Win Out in Oklahoma Land Deals.

Muskogee, Okla., Aug. 6.—After Jacob L. Hamon, formerly Republican committeeman from Oklahoma, had spent four hours on the witness stand before the congressional committee yesterday, saying that Senator Thomas H. Gore had "lied," he (Hamon) offered a continuous series of denials relative to his alleged relations with the McMurray contracts through which, according to Gore, \$3,000,000, or 10 per cent of a \$30,000,000 Indian land sale was to be diverted from the Indians to a New York syndicate in the shape of "attorney fees."

"It should be surprising to no one that he who is willing to debauch should be willing to defame," said Senator Gore today.

Hamon has denied every accusation made against him both by Senator Gore and Congressman Creager. In spite of the testimony of D. L. Gore, the senator's brother and secretary, and Roy L. Thompson, his assistant secretary, that they were in an anteroom from the senator's library in Washington, and heard Hamon offer the senator a \$25,000 bribe, Hamon testified Gore "lied" when he made this charge before the committee. Hamon also denied that he had ever approached Congressman Creager and intimated that he might secure him an "interest" in the McMurray contracts. In fact he denied every statement made by Senator Gore and his secretaries as to the alleged bribe and further denied he ever mentioned Vice President Sherman, Charles Curtis of Kansas and Congressman Bird McInnes of Oklahoma as being "interested" in the contracts.

There was some doubt early today as to whether Senator Gore would be recalled to the stand to tell of methods used in passing Indian bills at Washington, whether Senator Curtis or Bird McInnes would be called to testify as to their alleged connection with the McMurray contracts. Whatever the world may think of the truth of the Gore charges it is evident to those who visited the blind senator in his rooms at the Turner hotel last night that his wife's faith in him is unshaken. Mrs. Gore has always taken a prominent part in her husband's public life and on account of his blindness takes care of a vast amount of his business. The investigating committee is yet to make its findings on the senator's charges, but Mrs. Gore has made her.

"What do you think of the day's events?" she was asked.

"Think? Why there is but one thing to think. Didn't you hear Mr. Gore question Mr. Hamon?" Then she sat on a couch and talked of vacation plans that have been interrupted by the investigation.

In the meantime Jake Hamon was conferring with friends in the lobby of the hotel. Asked for a statement he said:

"I have no statement to make other than the one I made on the stand."

For the first time in the history of Oklahoma an investigating committee is on an effort to find out what the Indians want, is going to ask the Indians. When the committee adjourns its meeting in Muskogee tonight it will go to McAlester to inquire into the question of whether the Indians want to sell their surplus land.

The Indian lands are valuable and have been the source of great profit both to the Indians and to the lawyers according to testimony brought in Oklahoma City at various times, and the practice of attorneys in coming before a congress and asking for the release of bills authorizing the sale of lands is to be come into at McAlester. It is asserted that lawyers

Those invited to meet Miss Griswold were: Mr. and Mrs. George Taylor, Mr. and Mrs. George Handley, Mr. and Mrs. A. B. Gray, Mrs. Elizabeth Jones, of Denver, Colorado, Miss Fannie Gray and the Messrs. Milton Handley.

Heart and Home Talks

by Barbara Boyd

The Worth of a Purpose.

Someone has said "Furnace-lessness ruins life." If it does not go quite that far, it certainly robs life of zest not to have a purpose. It is not enough just to live. If one wants to know what for he is living is one should live for something.

One can look all about him and see those who are purposeless. They are the sufferers from ennui, or worse yet, discontent. They are the drifters. They are the ones skimming the surface of life. They are those who constantly seek pleasure in this, that or the other, ephemeral amusement, yet never find that which satisfies their appetite.

On the other hand, study those who have a purpose. They are alive in every fiber of their being. They go about their work with keen relish, with intentness. Such pleasures as they take they thoroughly enjoy, because, having a purpose, they clear their vision and they are able to see how play should be proportioned to work that both may be enjoyed. Having a purpose in life gives decision to character, gives clear-cut ideas of what to do and how to do it; shows the preciousness of time.

But—choose your purpose wisely. Purpose makes or mars life. A purpose may be chosen unwisely in that it is wrong in itself, or that it is utterly beyond one's abilities to accomplish. It is a daring person who writes "Impossible" over anyone's aspirations. Nevertheless, in resolving upon a purpose in life, one needs to analyze himself and his motives critically.

That an ignoble or unworthy purpose will not bring happiness goes without saying. The highway of life

is strewn with the wrecks of those who have followed ignoble ambitions. But one may choose a worthy purpose and yet his life come to naught, through a failure to follow the desire of his heart, or he would have been in not following it only his himself knew.

But one can choose a worthy and yet with a hope of success. The way who wants to go to Congress because the glory and the glitter of it fascinates him; the girl who longs to be an actress because she wants the applause of the world, may reach their purpose, but find and drift into discontent and bitter old age.

Choose oneself to see what one's capabilities are, and then must search one's heart to see what one's motives are when choosing one's purpose. The mere desire for self-glory and self-aggrandizement will not crown one's efforts with success. Merely wishing to be a congressman or an actress does not imply that one has the ability to be either. And the real purpose back of the desire is not to advance the people's interest in the halls of legislation or to teach some great truth by means of the stage, but simply to hold oneself up to the admiring gaze of the public.

It is worth while to have a purpose in life. No one reaches great things without trying for them. No one knows how full of test and joy life is until he has something worth while to work for. But be sure your purpose rings true if you want the full measure of satisfaction in it.

WANT ALICE TO QUIT THE HABIT

Boston, Aug. 6.—Boston women today are preparing to join in the petition to Mrs. Nicholas Longworth that she discontinue her cigarette smoking habit, which she does smoke.

"I am very happy that the matter has been brought to Mrs. Longworth's attention," said Mrs. Ella Gleason, of the Suffolk branch of the W. C. T. U. today.

CAMP LIFE OF NEWARK BOYS AT COLUMBUS

Newark's militia, Co. G. Fourth O. N. G., is getting a good workout during the street car strike in Columbus. The men, who were in camp at Marietta, leaving the art of war, were called to Columbus and were in the wreck of last Saturday night near Cambridge, but luckily none of them were injured to any extent.

The Advocate's correspondent in a letter this morning gives an interesting account of the work the boys are doing and says that all of them are in the best of health, and while they are getting plenty of work with the spike of danger thrown in, yet all are thoroughly enjoying themselves.

The men of the company have all forgotten the bruises they sustained last Saturday night in the wreck, and they are devoting themselves to picket and patrol duties. Although there has been rioting, yet the Newark militia was always fortunate and none of the company were injured in the slightest way.

While on duty in South Columbus on Wednesday, Sergeant Jones and Clerk Youse stopped what might have been a bad runaway. A horse attached to a spring wagon became frightened and was running madly down Mohawk street. Jones and Youse ran out and grasping the bridle, finally stopped the frightened animal. The street was crowded, but the prompt action of the two men saved any one from injury.

Co. G. has been patrolling Mohawk and Fifth streets from Schiller to State streets until Thursday. This was one of the worst places on the south side because of the many sympathizers, and wrecked cars were a nightly occurrence. The men patrolled this beat from two to four blocks and they were visited hourly by a commissioned officer seeking reports. Several arrests were made by the men, but there was no serious trouble.

Last Thursday Co. G. was moved to patrol a longer beat south of Schiller park, which included the Merritt street car barns. On account of the departure of half the troops, the men now have longer beats and patrol them in squads of four. The officers use automobiles to visit the pickets every hour, and an automobile reserve of six soldiers is on duty and within striking distance, and they can be reached by phone and rushed to any spot where they may be needed.

The captain of each company has a key to the patrol boxes so that in case of a mob collecting, men can be gathered quickly. A reserve of eight men under Lieutenants Beecher and Carlock is kept at the car barns ready for instant service.

The men were a little sorry to have their beats changed as the people along their old stations had become acquainted with them and were treating them very nicely in spite of their feelings towards the strike breakers. The boys were made grateful more than once for "handouts" of coffee and good things to eat.

All the men are working hard, but enjoying their experience. The good cooking of George Deedin and Adrian Kuster's cafe is appreciated and the boys are living fine. Quartermaster Sergeant Norris is feeling that the boys get all that is coming to them in the way of "grub" and the members of Co. G. are all getting fat.

Private Noland, while on picket duty surprised a gang of six Italians by arresting them a few nights ago because they refused to disperse at his command. He marched them to Captain Priest, where it was discovered that their ignorance of the English language was all that was responsible for their disregard of orders.

Captain Priest and his orderly, P. F. Rhoades, had an exciting chase the other night after a strike breaker who had stolen one of the blankets belonging to Co. G, but the man was finally caught and the blanket recovered.

Private Walton, who with Captain Priest, was one of the first on the ground after the wreck, Saturday night, did some excellent work in helping free the imprisoned horses. The end of the car was cut out and bales of hay were then piled up and the horses, as they were freed, were led to the ground. The men of Co. G. were never idle from the time of the wreck until the journey was resumed.

DENISON GRADUATE HONORED

At the National convention of the Phi Gamma Delta college fraternity held in the Clifton Hotel on the Canadian side of the river, opposite Niagara Falls, Mr. William F. Chamberlin of Dayton was elected president for the ensuing year. Mr. Chamberlin is a graduate of Denison university, Granville, and is one of the most enthusiastic members of the fraternity in the state. It was through his efforts, principally, that the handsome chapter house and home of the Phi Gams of Denison University became possible, and there is no more loved or highly esteemed member of the fraternity than William F. Chamberlin. The chapter house at Granville is a second home to Mr. Chamberlin and there is nothing he loves more than his fraternity. He never comes to Granville but that he visits his boys, as he calls them.

The other officers elected were Treasurer, Wilmer Christian of Indi-

FATHER FOUND SON WHO RAN AWAY FROM HOME IN BELLAIRE

Looking for his 17 year old son who ran away from his home about two weeks ago, Stephen Mihai, a Slav farmer living near Bellaire, came to Newark Saturday and located his boy at 88 South Fifth street. The boy refused to return to his home and the father appealed to the police, asking their assistance in having the boy go back home.

The father didn't know what had become of the boy until he received a letter from a man signing his name as E. Gray, and claiming to be a commander in the Christian Volunteers of America, who said he had found the boy on the railroad tracks, weak from hunger.

The letter said he had taken the boy to his home and fed him and he would keep him until the father came after him. The letter was postmarked at Harrisonburg, W. Va. Officer Burke went to the address given and saw Mrs. Gray, wife of the commander, but she did not know where her husband was, for he was hunting for his son, Roscoe, who ran away from home with some other boys.

According to Mrs. Gray they have been in Newark about a year and her husband has been connected with the Volunteers for about two years. She said the Mihai boy had been at her house for about two weeks and he has only worked about two days in that length of time. So far he has paid her fifty cents for board and room. The woman was ordered to tell the boy to report at police headquarters at 7 o'clock tonight when the father will meet him and again endeavor to have him return home with him.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

GRAND MEETING OF THE LICKING DEMOCRATIC CLUB

By F. T. MERCER.
Democrats who failed to attend the meeting of the Licking County Democratic Club last night missed one of the most stirring and enthusiastic meetings ever held. If any one had any doubt about the vitality and determination of the Democratic party of Licking county, they had only to drop into the meeting last night.
Of the many good Democratic gatherings we have attended in Licking county, this one surpassed anything we remember for real enthusiasm. Things moved from the minute President Horton, of the club, rapped for order. The spacious club rooms were crowded to their utmost capacity. Five applications for membership in the "live wire" club were received, they being the following: Howard Whithead and S. W. Cox of Alexandria, and T. B. Fulton, C. W. Miller and F. E. Shabunga of Newark.

After these applicants were voted into the club, President Horton started things going, and as his ability as a townmaster is well known, you may be sure things were kept moving. Charles W. Miller led off with a spirited talk and some wholesome advice, being followed by W. D. Fulton. Judging from last night, the member of the lower house in the next Ohio legislature will have to look out, or the "Clerico" of the bunch will be furnished by the Democracy of Licking county.
Next came W. E. Haas of Delaware, and to say he created a favorable impression upon his first appearance before a Licking county audience is putting it mildly. It was the verdict of those present that he and Mr. Miller will make a pair of senators that this or any other district may well be proud of.

The rest of its measures. But now Senator Bristow comes out of the Kansas campaign with flying colors, while his Reactionary enemies lie stretched on the field. How trivial, after all, is all the power of Government patronage when it runs counter to popular sentiment.

GUILBERT SETTLES.

Whatever legal technicalities may be argued as to whether the claim was valid or not, the fact stands that the bank of which former State Auditor Guilbert is president, has settled with the state, paying over \$5,747.12 in full settlement for interest on state funds deposited in the bank by Guilbert when he was state auditor.
It is not material whether Mr. Guilbert profited personally by the deposits in question or whether the demands for a settlement did not specifically charge any violation of law. The main point is that the state's claim for restitution so far as these deposits are concerned has been acknowledged and the money paid it to the state treasury.
What have the machine serving s. o. p. organs of Ohio to say now about Governor Harmon failing to make good?
According to newspaper accounts, "Mr. Guilbert and the bank placed every facility at the hands of the state for use in determining the exact liability to the state according to their view of the matter. All of Mr. Guilbert's pass books and his canceled checks and the books of the bank were placed at the disposal of the state in its work and nothing was left to be conjectured in the case." This is quite a change from the attitude assumed by Mr. Guilbert two years ago before the state senate's probe committee, to which he refused to submit his canceled checks and pass books.

These matters were laid before the voters of Ohio in the campaign of 1908, but were hooted at by Republican speakers and editors in the service of the g. o. p. bosses. What have they to say now?
In addition to the settlement made with the bank of which Mr. Guilbert is president, suit has also been begun by the attorney general against the receiver of the defunct Merchants and Manufacturers National Bank of Columbus or a claim for \$31,809.02, interest on state funds deposited in that bank by Guilbert from 1896 until the state depository law went into effect in 1904. It is not charged in this action that Guilbert was paid interest on such deposits, but it is contended by the attorney general that the bank is liable to the state for interest on such deposits.
Does anybody believe now that Judge Harmon didn't know what he was talking about when he was running for governor in 1908, or that he has failed to keep his campaign promises?

LAW GOVERNING MOB VIOLENCE

Considerable discussion was had last night regarding the law governing the use of militia during a tumult or riot, and the Advocate is requested to publish the section of the statute on the subject, which is as follows:

Section 3006. (When militia is required to aid civil authority.) Whenever, in any county, there is a tumult, riot, mob, or any body of men acting together with intent to commit a felony, or to do or offer violence to person or property, or by force and violence to break or resist the laws of the state, or there is reasonable apprehension thereof the commander-in-chief, the sheriff of the county, the mayor of any municipal corporation therein, or a judge of any court of the state or United States may issue his call to the commanding officer of any regiment, battalion, company, troop or battery, to order his command, or any part thereof, describing the same, to be and appear, at a time and place therein specified, to act in aid of the civil authority. (63 v. 70, Par. 43; S. & S. 458; S. & C. 457.)

COURT NEWS

Grand Jury Adjourns.
The grand jury adjourned Friday evening until Monday morning. There is nothing new to tell about the work of this body, except that everything now points to an early report. Nearly all the witnesses that have been summoned have testified, but there are yet a number of prisoners who will be examined.

Alimony Case.
The case of Rachel Zuckerman vs. Nathan Zuckerman and the First National Bank of Newark, being a suit for divorce and separate maintenance, was heard before Judge Seward in the common pleas court. Saturday morning on a motion for temporary alimony. The court ordered that the defendant pay to Attorney Snythe & Snythe the sum of \$10 for her attorney's fees and the further sum of \$10 alimony for Mrs. Zuckerman, to be paid before Aug. 10, and that he pay to Mrs. Zuckerman \$10 each month thereafter until the final hearing of the case.

Decision Reserved.
The case of Sarah Blake and others against Scott and May Robbette, being an injunction to prevent the occupants from taking possession of a strip of land claimed by Mrs. Blake, located on North Fourth st., was heard before Judge Seward in common pleas court. Saturday morning and decision was reserved.

Granted Divorce.
In the case of Maggie Roe vs. E. Roe, tried before Judge Briser at his home north of the city, plaintiff was granted a divorce. Snythe & Snythe represented the plaintiff and the defendant made no appearance. The parties were married Sept. 18, 1890. Plaintiff charged abandonment and failure to provide.

WATER COMPANY'S SWORN STATEMENT OF GROSS RECEIPTS

The gross receipts of the old water works plant of this city are shown in its sworn statement to the State Tax Commission at Columbus. It is on this statement that the company pays its taxes for the year. It shows that the gross receipts of the plant for domestic revenue for the fiscal year beginning May 1, 1909, and ending May 1, 1910, amounted to \$31,684. In addition to this, the city of Newark paid the plant, during the same time for fire hydrant rental, the sum of \$1277.

NEW INDUSTRY IS BURKE GOLF SHAFT COMPANY

One of the new industries, which has been quietly developing in Newark during the past few months, is that of the Burke Golf Shaft Co.
An Advocate representative on a visit to this new concern was courteously received by Mr. Burke, president and general manager of the company.

The plant is located on the north end of the city, along the side track of the B. & O. R. R., giving it excellent transportation facilities. It is equipped with log yard, lumber yard, bolting and saw mill, self feed rip saws and cut off saws, all of which grounds and machinery are used to prepare what are known as golf squares for conversion into shafts.

All of the machinery of this department, as well as in the golf department proper, is driven by individual electric motors.
One of the unique features of this plant is said to be the method of air seasoning by means of under and end currents of air. This method is carried out also in the mill proper, where racks having a capacity of one half million dowels are erected in such a way as to afford a perfect circulation of cool dry air around and through the dowel stock. Absolutely no kiln drying is resorted to until after the stock is thoroughly air seasoned by nature's own process.
In the golf department itself, the stock comes up to the dowel machines and is then carefully selected by a skilled selector; all stock showing any defect whatever is then eliminated. After being doweled the stock goes into the main building, which is separated from the machine room by a solid reinforced concrete fire wall, the doors and openings of which are

closed by approved fire doors and windows.
On the second floor of the machine rooms are located the lathes, hosel machines, equalizers, etc., as well as a small dry kiln, which is used after the stock is finally turned into the golf shafts. After the doweled material goes into the lathes, it is again carefully inspected and then goes to the rattler, where a fine polish is imparted to each piece, and by the use of a special preparation is made impervious to moisture, even during transportation by water. The stock is now practically ready for shipment to the factories which make the finished club and it is then taken to the crating room to be boxed up for shipment.

The company has a large quantity of stock on hand. The building itself is partly concrete and partly wood covered with sheet iron. A comfortable office is provided for the manager, and large drying sheds and all other necessary adjuncts for quick handling and preservation of stock are afforded. The plant itself is a most interesting place to visit and when our citizens realize that this is the largest plant of the kind in the world that devotes itself exclusively to the production of golf shafts, which it ships to the large eastern cities and Great Britain, its interest as an advertisement of the best side of our city cannot be overlooked.

GEO. H. HAMILTON PROMINENT FIGURE AT CEDAR POINT
Cedar Point, Aug. 5.—George B. Cox isn't here but George Hamilton is so what's the difference? The Newark general is attracting a whole lot of attention in this state gathering of politicians and legislative members and aspirants, one reason perhaps being that the Licking county g. o. p. commander delivered the entire Seventeenth district for Warren G. Harding on each of the three ballots taken at the Columbus state convention the other day. The general it will be seen was thus early on the Harding band wagon and there he stayed in the meantime preventing any of the Seventeenth district delegates from falling off.

Judge Brown, the Cox candidate for governor, is another prominent figure here today. Judge Browne attended the morning session of the newspaper men's convention and was asked to make a speech. He did so and did a good job. The Judge is apparently well satisfied with his defeat, perhaps realizing now that he has had time to think it over, that he would have been up against a losing proposition even if he had been victorious in the Columbus convention.
Charles W. Miller, the Democratic candidate for state senator of Newark is also among the visitors here. Mr. Miller has a wide acquaintance among the legislators and he ran up from Newark just to take a look and to meet some of his old time friends.

NEW CORN CURE A REAL MARVEL

Guaranteed and Absolutely Painless.
A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

HALL'S PAINLESS CORN CURE

THE LODGES

Daughters of Veterans.

Tent No. 25, Daughters of Veterans, met Thursday evening with a splendid attendance. Sister Mattie Rector was reported sick. Sister Rector has the sincere sympathy of the entire tent, we hope to be able to cheer her and aid her in every possible way to recovery.

It was unanimously voted that a resolution signed by each officer and member of Tent 25 be given for the support of Comrade Rufus Putnam, for his appointment as superintendent of the Soldiers and Sailors' Orphans' Home at Xenia, O. It would give us great pleasure to have Commander Putnam, father of our tent, honored with this position, feeling none could do more justice to the dear little orphans than he. And in our loss, Mrs. Lucretia R. Garfield Tent No. 24, of Xenia, would certainly gain one in her ranks to be proud of.

Next Tuesday evening we have arranged to devote a great portion of our time to practice. We want to be perfect, so let every one be present, so this work can be done by the person holding each position, and thus help in the proper place. Remember the time, 7:45 sharp.

Modern Woodmen.

Cedar Camp, No. 4727, M. W. of A., met in regular session Monday night with a fair turn-out of the members. Four applications for membership were received and balloted upon. August Oberfield, Louis Binder and Larabee Moore were adopted as beneficial members. At the next meeting of the camp there will be candidates to receive the work and a good turn-out of the members is desired. The neighbors are glad of the fact that there is no assessment for the month of August, making two skips this year in assessments. With the September assessment local dues are to be paid. The new robes for the officers have been ordered to conform with the new ritual and word has been received that the order has been placed and would receive prompt attention.

Odd Fellows.

At the regular meeting of Newark Lodge No. 622 I. O. O. F. last Monday evening the Union degree team had a good practice. You know, brothers, we will have the initiatory degree put on Monday, August 8. We are always glad to have visiting brothers meet with us.

On Friday evening, August 12th, at 7 o'clock the district grand committee will meet at the I. O. O. F. hall, Newark, to confer the past grand degree on a class of past grands. All past grands of the district are urged to be present.

G. A. R. Notice.

THE LOCKHART MILL END SALE

At the Powers-Miller Store
 Draws Immense
 Crowds.

Thousands of people attended the sale yesterday and today.

The many novel features of the sale created considerable merriment. The penny sale, however, was the most interesting of them all. In this sale 400 packages containing such things as umbrellas, shirt waists, towels, petticoats, muslin underwear, and almost every article sold in this mammoth store were sold at a penny a package. The married women's sale during the afternoon was very unique. The remarkable ability of Mr. Lockhart to entertain the vast throng was demonstrated throughout the entire day and evening. He is a man of broad experience, endowed with keen intellect and a charming personality, who has made a thorough study of the causes, possible ways and means of comfortably withstanding the high cost of living.

Through his originality and ingenuity he conceived and copyrighted that which is a national institution today, "The Lockhart Mill End Sale."

This sale brings to the American household every necessity for personal appearance and comfort at prices shorn of every vestige of profit.

This wonderful man can point out in a thousand ways how you can supply with a liberal hand home necessities at a small cost.

There is a general desire to hear him talk, for what he says gives a better comprehension of the buying possibilities offered.

Lockhart mill ends are new goods shipped direct from the mills and are sold at mill end cost.

See this man—meet him—talk with him—every minute spent in his society will be profitable and intensely interesting.

The mill end sale will continue all next week. Many novel features will be introduced. Attend the sale this evening.

DEAD MAN FOUND ALONG RAILWAY EARLY SATURDAY

The body of a dead man, identified as that of Lee Myers of Coshocton, was found along the Pennsylvania railroad tracks on Arch street, East Newark, this morning at 4:15. Although life was quite extinct when found, the body was still warm, and it is believed that he had been dead but a few minutes when found.

Roy James of 224 Race street, and Harry Ruten, 38 Buena Vista street, found the body while walking along the track. They called Criss Bros. & Jones' ambulance and the police patrol wagon, both arriving about the same time. Captain Swank notified Deputy Coroner Wiyiarch, who hurried to the scene in a taxicab and ordered the body removed to the morgue of the undertakers. Dr. Wiyiarch took the names of all witnesses and will hold an inquest in the case later.

Papers were found in the dead man's pockets indicating that he was a race horse man. He was no doubt in charge of a race horse being shipped from Coshocton to Columbus. He had in his possession a live stock agreement with the Pennsylvania lines, showing that he had shipped a horse to Columbus and that he was in charge. He also signed as owner of the horse.

He also had a letter from a man named John Hosler in Canton, Hosler urged Myers to accompany him to Windsor, Can., with their race horses. The letter was addressed to Myers in Columbus. The dead man also had \$21.50 in his clothes.

His injuries consisted of a crushed skull, several fractures of both arms and both legs.

Word from Coshocton states that Myers was employed by Clinton Burrell, a horseman, and that he was in charge of a horse belonging to Burrell when he was killed.

It is believed that Myers fell from a stock car containing the horse and was struck by the train following, causing his death.

AIR TRIP FOR COL. ROOSEVELT

Dayton, O., Aug. 6.—While Theodore Roosevelt is here next September as the guest of the fall festival management, he will be rendered the opportunity of making a short flight in one of the latest Wright aeroplanes—the new kind that is being manufactured and which will be put on the market Oct. 1. The Wrights will be making tests of their new machines at Simms Station every morning, and this will be one of the places that Col. Roosevelt will visit. Director General Barnes of the fall festival has arranged for the invitation and Orville Wright or Brooks will probably be the pilot. Brooks has promised that if Col. Roosevelt elects to ascend with him he will not attempt to break his Atlantic City record of 6000 feet. Col. Roosevelt has always wanted to make a short flight and now his wish is to be gratified.

SALVATION ARMY AT BUCKEYE LAKE

The largest religious gathering announced for this month is the camp meeting to be held at Buckeye Lake from August 18 to Sept. 1, by the Salvation Army, which will be represented by corps of Ohio, Kentucky and Western Pennsylvania, bringing the attendance up to about 7,000. Among the notable speakers to be present are Commander Eva Booth of New York, and Colonel Wm. Evans of Cleveland. No fewer than 15 bands will be present for the sessions, Cleveland alone furnishing three of these. The services will probably be held in the big auditorium recently opened at the lake.

SICK HEADACHES

Are Caused by Constipation and a Lazy Liver.

As long as your liver is out of order you will have constipation, sick headaches, and probably nausea, biliousness, coated tongue and foul breath. Nowadays it's an easy matter to put the liver in fine working condition. One or two DR. HASKELL'S LIVER PILLS, that new, gentle, safe and most satisfactory laxative will do it. Never anything discovered that gives such quick and joyful relief to constipation sufferers. 10c and 25c at druggists. Sold in Newark by W. A. Egan & Son, Frank D. Hall and T. J. Evans.

OPENING OF LONGS DEPT. STORE

The Long Department Store held its formal opening Friday evening in its new quarters in the handsome large store rooms facing the Arcade and North Fourth street. During the opening hours from 7:30 to 9:30, hundreds of people visited the store and admired the splendid array of merchandise. This department store carries suits, millinery, dress goods, carpets, linoleums and shoes on the first floor, while in the basement are chinaware, glassware, granite ware and house furnishings of all kinds. Jas. F. Markham, the well known shoe salesman, is in charge of the shoe department, which faces on Fourth street. The Stevens orchestra gave a fine musical program throughout the evening, and visitors were presented with beautiful roses as souvenirs of the occasion.

The attendance was so much larger than Mr. Long had anticipated that the supply of flowers was exhausted before the closing hour arrived.

Mr. Long has splendid quarters, well located and well stocked. He is an experienced merchant and has long been successful. His new store is a distinct advance over the old store on the South Side, and his friends and patrons are all pleased to wish him continued success.

W. C. T. U. NOTES.

The regular meeting of the W. C. T. U. was opened by singing "I've Anchored in Jesus" and "Face to Face," with Mrs. Pratt as leader. The seventh chapter of Second Corinthians was read for a lesson with comment, after which a short business session was had, which included the calling of the roll, reports of superintendents, many of which were very satisfactory. Mrs. Holbrook read a very interesting article on "The South is Going Dry," after which the meeting adjourned with prayer by Mrs. King.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove it's a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25c at F. D. Hall's, druggist.

\$350 PIANO FREE

AND OTHER PRIZES

To the person who most neatly outlines with a pen or pencil the greatest number of faces in the above Artist Puzzle, we will give absolutely free one A. B. Smith Piano, worth \$350, with stool and delivery. The artist is thinking of a suitable face for his drawing, and there are models of faces all around him. Trace these and number them 1, 2, 3, etc. The nearest correct answer wins the piano. In case of a tie, equal distribution of prizes will be given. The next nearest answers will win, in their order, our checks of credit for \$100, \$80, \$75 and \$50.

Go about it NOW. Do not put off this opportunity to get a good piano until "tomorrow." Outline the faces as neatly and as beautifully as you can. We mean business. We want to enlarge our mailing list to 10,000 names. All replies must be in our hands Wednesday, August 10, 1910.

**"CAN HAIR BE GROWN?" IS
TOPIC OF SPIRITED DEBATE**

In A. P. Teuscher's Barber Shop Thursday Afternoon,
and After One Man Shows Proof, Skeptics are
Convinced That It Can.

A news writer was sitting in Mr. A. P. Teuscher's barber shop Thursday, and in a general discussion of baseball, politics and other current topics, a gentleman who was sitting in a chair and had taken little part in this discussion, suddenly remarked: "Well, let all that be as it may, I'll say that no one can convince me that hair can be grown on a head that is bald, or after the hair has been falling out for any length of time," and showed an advertisement for a hair tonic that he had been reading.

This interpolated remark instantly started the general conversation into another channel, and some agreed with the observation made, others were skeptical, but unconvinced, when "Lee" Lee, the well known plumber, spoke up and said:

"Well, I will have to take issue with Mr. —, and will say that it depends upon what remedy you use, but the growing of hair can be accomplished."

Mr. Lee was recognized as one well qualified to speak, as it was known to those in the shop that for years he has been as bald as the proverbial billiard ball. He then showed his head, upon which he had previously been wearing a toupee, and it was seen that a true growth of hair was to be seen, where not a sign had been noticed heretofore.

"What did you do, Lon?" asked one who had known him for a long time.

"I had used every remedy of which I had ever read, or which I had seen advertised, with no success," he replied, "and a number of scalp experts and masseurs told me that my case was hopeless and I believed so myself. Mr. Teuscher on one occasion said he would like to try a remedy to see for himself what it would do in my case, as he expected to purchase the rights to the remedy from the inventor. I submitted in a skeptical mood, but you can see the result for yourselves."

Every one then asked Mr. Teuscher what it was that produced such evident results, and he said:

"The name of the remedy is 'Anserine,' and after I saw what it had done for Mr. Lee, I decided to purchase the remedy from the inventor, and have done so. Of course, his was an extreme case, but hundreds of clerks, professional men, business men and great numbers of women have been treated by me, and in every case the result has been the same—perfect satisfaction."

"This remedy acts upon the hair and its roots, giving life to the latter, and vivifying the structure of the former, giving a substantial growth and beauty and luxuriance to the tresses of women."

"I feel that I am now prepared to offer this remedy as a sure and effective aid in all cases of diseased or itching scalp, dandruff, falling hair, or, in fact, any trouble to which hair is heir."

**BUYS UNITED
STATES GAS**

A surprise was sprung in financial circles when it was quietly told that the Ohio Fuel Supply company, which has attracted the attention of the country recently by feats of financing, had bought in about \$2,000,000 in the outstanding bonds of the United States Gas company, a subsidiary corporation, says the Ohio State Journal.

The big deal was swung without noise, and only when all details were closed up, did news of the transaction get beyond the immediate circle of buyers and sellers.

The Ohio Fuel Supply controls the United States Gas company, a subsidiary, which purchased control of the United States Gas in August, 1909, paying outright \$2,081,250 and guaranteeing \$2,295,500 in 6 per cent bonds of subsidiary companies of the United States Gas. The capital stock of the Ohio Fuel was increased by \$5,000,000 to \$15,000,000. Last May, part of the funds accruing having already been used in the acquiring of properties. The bonds were brought in to use, in part, of this fund and a balance remains.

The new 6 per cent debenture bond issue of the Ohio Fuel was scheduled to be paid to stockholders Monday, but will not be issued for a few days due to delays in engraving the certificates. Stockholders, who receive the bonds as a dividend of 50 per cent, the issue amounting to \$6,102,625, are anxious to see the bonds in order to clear up points now uncertain. Interest will be payable quarterly, in January, April, July and October, the same as dividends on the stock, and the certificates will probably bear the date of July 1, 1910.

RUFUS PUTNAM

Extends Thanks to Friends in Chillicothe for Assistance in His Behalf.

Mr. Rufus Putnam, a former editor of the Chillicothe Daily News, who is now a candidate for the appointment of superintendent of the Soldiers and Sailors Orphans' Home at Xenia, writes the following to the editor of the Scioto Gazette, in expression of his gratification for the support given him by his friends in that city.

Editor Gazette: I wish, through the columns of your valuable paper, to extend my heartfelt thanks to the friends who so kindly placed their names on a petition to the board of trustees of the Ohio Soldiers' and Sailors' Orphans' Home, Xenia, in my behalf. I also wish to thank the lodge of Elks and A. L. Brown Post for their splendid endorsement and also those kind friends who gave me personal letters to be board. If I should secure the place to which I aspire, I will owe much to my dear friends in Chillicothe.

How it made my heart leap with joy when I read down the list of names of the men who had been my friends for 35 years, and to think they are still my friends. I shall never forget them. I have but one promise to make: If I secure the position I will do my duty to those homeless children, the board and the state. May health, happiness and prosperity ever be with my old friends in the metropolis.

**BYRON MITCHELL
PLEASES AUDIENCE
AT CHAUTAUQUA**

Master Byron Mitchell, Newark's boy soprano, was the closing number on the Chautauqua program of the Hiawatha Lake assembly which was held at Mt. Vernon, and the young singer gave his concert Thursday night, in writing of his work the Republican News of that city said:

The largest audience of the entire season was present Thursday evening at Hiawatha auditorium and every person there was more than pleased with the program. For his opening number Master Byron used "The Holy City," which gave him opportunity to show his beautiful soprano voice to good advantage. Lined in white, the little fellow wore a dress and his stage manners were as good as those of a professional. He sang a number of folk songs and several numbers well adapted to one of his years, all of which were enthusiastically received. Mrs. Mabel G. Ashton of Granville, was at the concert. Mrs. Ashton is organist and chorister at Plymouth Congregational church at Newark, and Master Byron is a member of her boys' choir. He has not received any great amount of training outside of that from his mother, Mrs. T. W. Mitchell, and Mrs. Ashton, and they are justly proud of him as son and singer.

The coming year Master Byron will sing in Grace Episcopal church at New York city, and will receive \$1000 for his services. In addition to this he will receive instruction in voice and on the violin and will have the advantage of attending Grace parochial school.

Persons who heard him sing Thursday evening will be interested to know that Byron was born on St. Valentine's day 11 years ago, and that Valentine is his middle name. His father is a machinist. The family moved from Lovett, Colo., some time ago and have located in Newark. The boy is not a Chautauqua worker but would doubtless prove as he did here, a distinct and winning feature on any program.

**MOTOR CYCLE
COLLIDES WITH
AUTOMOBILE**

Rider Rendered Unconscious and
Bodily Injured—News of
Granville.

Granville, Aug. 6.—C. Culp, son of C. C. Culp, a farmer living near Alexandria, sustained serious injuries on Friday night in a mixup between an automobile and a motor cycle he was riding. Mr. Culp had been in Newark and was on his return home. When near the lane at J. C. Jones farm, a mile east of Granville, another motor rider on his way east passed him, raising such a cloud of dust that he was unable to distinguish objects 20 feet ahead of him. Just as he came opposite the lane, Mr. Curtis, chauffeur for J. C. Jones, ran his auto out of the lane and Culp's machine crashed into it. The shock was a terrific one, as it is said that Culp's machine was going at a high rate of speed. When the motor struck the auto Culp was thrown for some distance and rendered unconscious for a short time. His motor was badly wrecked while the fender of the auto was torn off. Dr. A. K. Follett of Granville, was notified and repaired to the scene at once in his auto. He brought the young man to his office here, where he found he had been badly injured about the head. The doctor then took him to his home, where he is now resting comfortably.

Mr. and Mrs. J. T. Beatty, of Highland county, who have been in this vicinity for several days, looking over the country with a view of locating here, providing they can find anything to suit them, left for home Saturday morning, but will probably return in a week or two.

There has never been a more favorable season for the farmers to save their crops, and the wheat, oats and hay are all good.

The sound of the thresher is heard in all parts of Granville township, while the farmers are up to their ears in work of all kinds. The season has been so delayed that much of the farm work is coming in a hunch and the farmers in many instances are unable to handle it on account of the scarcity of farm labor. It is said the farmers are having the greatest difficulty in securing men to do work on the farm, and not in years has there been such a marked scarcity of laborers for this kind of work. Indeed the situation has become quite alarming to many farmers, whose efforts to secure men have repeatedly proved futile. "We just simply can't find the men to do the work," declared one man inquiring for men. Farm laborers are surely at a premium if they ever were, and there is no excuse for any man being out of a job these days. The majority of the farmers are doing their work as best they can, and in many instances they are badly crippled. They are willing to pay big prices for good laborers, and generally, good wages are paid. If there are any men in Newark in need of work, get out in the country and you will have no trouble in securing good jobs.

Afflicted for Months—Burned and
Itched—Used Cuticura and He
was Cured in Three Weeks—
Not Even a Scar Left.

"As a grateful mother, I feel it my duty to thank you for the cure of my little son who was afflicted for about eight months with some ailment over his head, back of his neck, and nearly all his face. We tried all kinds of remedies without any result. We once employed a good physician and I am sure he tried his very best to cure my poor suffering little boy, but he failed. Instead of getting better he went for the worse. His head was literally covered with scabs and his face was so sore and itched so much that he was unable to sleep. I had to keep his hands in gloves to prevent his scratching his head, as he was desperate about it. He had a burning and itching sensation, and was constantly trying to put his hands where it hurt. At last when he was about three years old, he saw an advertisement of Cuticura and I decided to try the virtues of the Cuticura Remedies. I bought one cake of Cuticura Soap and one jar of Cuticura Ointment, and after using them according to directions and I am happy to tell you the little sufferer was cured in less than three weeks. This was over a year ago and now his head is covered with a fine growth of luxuriant hair. Strange to say, all those unsightly sores and eruptions have a scar. Mrs. G. O. Conillon, Plancherville, La., February 26, 1910."

The suffering which Cuticura Soap and Cuticura Ointment have alleviated among skin-tormented, itching, chafed, children and adults have led to their adoption in countless homes as the purest, sweetest and most economical treatment for eczemas, and other itching, burning humors of the skin and scalp. A single set is often sufficient.

Cuticura Remedies are sold throughout the civilized world. Butterfield & Swann, Sole Importers, New York and London. "How to Treat the Skin and Scalp," "How to Care for and Treat the Skin and Scalp."
